

Dear Fellow Supporter,

Thank you for your ongoing commitment to the The Breast Cancer Society (TBCS). With your generosity, and the help of others like you, TBCS is able to provide relief to those stricken with this dreadful disease.

### **One in eight women will be diagnosed with breast cancer in America!**

This number is staggering. Breast cancer effects almost every family in the United States, directly or indirectly, as the number of those diagnosed with breast cancer constantly increases. A family could never prepare for this type of devastation. This is why TBCS exists.

### **What makes The Breast Cancer Society different?**

**The Breast Cancer Society is one of the few national breast cancer charities in the U.S. providing direct help and financial aid to those suffering from breast cancer today.**

TBCS is one of the few national breast cancer charities in the U.S. providing direct help and financial aid to those suffering from breast cancer today! TBCS is able to assist families in need of assistance now with direct financial assistance. These individuals and families cannot wait until tomorrow for help. They need immediate attention. They need help to meet the challenges cancer presents. They need assurance and hope. You, through your support of TBCS, are helping to provide this hope and assurance.

### **You are in a unique position.**

Helping breast cancer patients with direct assistance is why TBCS and its supporters are so important. Your help relieves various burdens placed upon breast cancer patients who often have

nowhere else to turn. And that places you, a TBCS donor, in the most unique and rare position—you are helping breast cancer patients with their struggles in tangible ways now!

## **TBCS has an answer!**

As you know, most breast cancer charities, including TBCS, are actively trying to help find a cure. While a cure is critical, *TBCS concentrates on alleviating the suffering of breast cancer patients through eliminating stress and worry caused by a breast cancer diagnosis.*

### **How we utilize your gifts:**

-  Direct Financial Aid, often paid on a monthly basis
-  Domestic Goods and Services including research grants and basic supplies
-  Medical Supplies for breast cancer patients and their families who are struggling financially, and the critically ill of international communities
-  Referral Services connect other resources and national charities with families for assistance
-  Help with non-medical, in-home care with home care professionals
-  Other vitally important grass roots programs that raise awareness and provide educational materials
-  Educational scholarships for breast cancer patients

### **The Hope Supply Program.**

The Hope Supply Program is now serving the east and west coasts. This program offers donated items that cancer patients can “shop” for at no cost to them. We have been extremely blessed that so many retailers and manufacturers are willing and able to help us provide this valuable service with products that breast cancer patients and their families greatly need.

Please fulfill your pledge today. Breast cancer patients are counting on you.

With sincere gratitude from me and the entire TBCS team,

James T. Reynolds, II - President

***P.S. Please, if you are able, send in your much needed gift this very day. Breast cancer patients are waiting. Thank you so much for your support.***

Breast Cancer changed my life forever. TBCS has been there from the beginning. Supporting me emotionally and with much needed household necessities. When my job was dissolved, they came through with needed assistance. I consider the Breast Cancer Society my family. It is my hope a cure will be found so no one else has to go through what so many of us have had to endure. They are truly my angels. ~ Laurie
