

Education Outreach at TSLA

Portrait of Sequoyah, credited with inventing the Cherokee alphabet. *History of the Indian Tribes of North America*

The **Tennessee State Library & Archives** (TSLA) is a great resource for teachers seeking primary sources for use in classroom instruction. Newspaper records, historic photographs, letters, diaries, maps, political cartoons, broadsides, census records, Governors' papers, and more that tell the story of Tennesseans and our role in the greater story of American history are available to the public at TSLA.
